FY 1988  
FY 1989  
FY 1990  
FY 1991

Total

We can break these figures down to divisions and locations if needed.

25X1 2. OTE in late FY 1987 plans to install a T-1 communications  
line for secure voice/data  
transmission. We are working with OIT to accomplish our goal and  
they are fully aware of our plans, requirements, and timing.25X1 When OTE moves in FY 1989-90, the site  
will have to accommodate our ADP/communications capability at that  
point in time as well as provide flexibility for future requirements.
